*If you are a guest or Commissioner and wish to make a comment during the meeting, please use a microphone. Please pay special attention when you speak into the microphones. Speak clearly and at the correct distance (approximately 10 -12 inches). Do not rustle papers, lean into the microphone, or speak loudly. One of our Park and Recreation Commissioners is hearing impaired. The correct use of the audio system enables the assistive device (used for hearing) to work optimally. It would help if you can look directly at the Commissioners when speaking. Thank you for your cooperation.
